27th April, 2001

To

Dr. Raman Kakkar
593, Sector : 16
Faridabad

Dear Dr. Raman Kakkar,

World Tuberculosis Day was observed in Escorts Ltd. (CHD) on 24th March, 2001.

Your Documentary Film "TEEN BATEIN" on Tuberculosis was shown to the employees in two batches on 24th March, 2001 as a part of an ongoing process of screening the film to as many people as possible. The film showed the importance of recognising the signs of disease as early as possible for early diagnosis & proper treatment. It also showed the disastrous effects of the disease on individuals & on families if there was delay in diagnosis of disease or if proper methodical treatment was not taken.

It was well appreciated by the employees who saw the film as it was in their own language & removed certain myths in their minds about Tuberculosis.

I would like to convey my personal appreciation for the wonderful Presentation in the film & thanks for giving us the opportunity to see the film.

With regards,

Yours Truly,
for ESCORTS LIMITED (CHD)

(DR. P.S. AHUJA) 27/4/2001
